

BLCA-4 Urine Assay

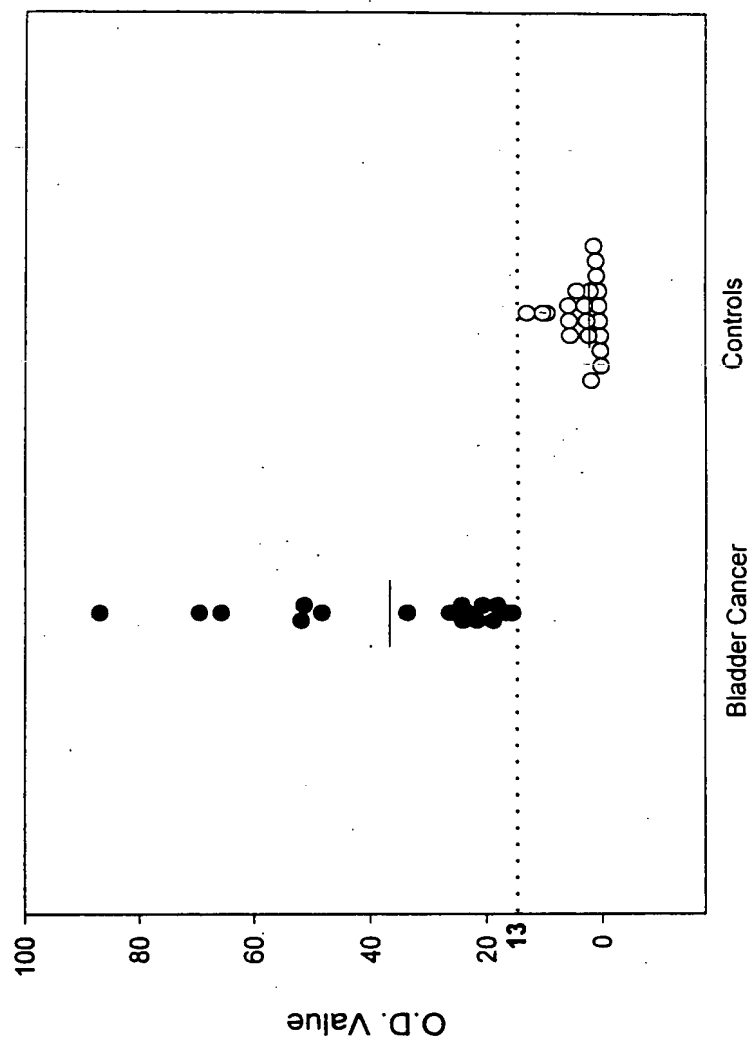

Fig. 1

BLCA-4 Urine Assay (spinal cord injury study - 8/98)

Scatter plot showing O.D. Data (Y-axis, 0 to 35) versus Time (min) (X-axis, 0 to 15). A dashed vertical line is drawn at Time = 13 min. The data points are scattered, with a notable cluster between Time 10 and 13 min, and a few points extending to Time 15 min.
